

Easter Colouring Competition

It's what we do

Small things can make a big difference. Free your mind and get creative with our Easter colouring competition - perfect for busy minds. You could win Easter eggs for your class!

Taking the time to unwind is important. Did you know that colouring is a lot like meditating and helps to lower stress and lessen anxiety? True story!

So, switch off your phone, take a few deep breaths and just... colour in!

Fun fact: All our own-brand Easter eggs are Fairtrade, and all our Easter egg packaging is 100% plastic free, helping us save about two elephants worth of single-use plastic every single year (that's 14 tonnes!).

See? Small things. Big difference.
